Critique and Limitations of Taj Mahal Model

While Taj Mahal Model provides useful insights, it is not without its limitations. One of the primary limitations noted in the paper is the restricted sample size of the research, which may affect the universality of the findings. Additionally, certain assumptions may have influenced the results, which the authors acknowledge and discuss within the context of their research. The paper also notes that more extensive research are needed to address these limitations and test the findings in different contexts. These critiques are valuable for understanding the limitations of the research and can guide future work in the field. Despite these limitations, Taj Mahal Model remains a valuable contribution to the area.
