## Critique and Limitations of Ejercicio En Ingles

While Ejercicio En Ingles provides useful insights, it is not without its shortcomings. One of the primary constraints noted in the paper is the restricted sample size of the research, which may affect the universality of the findings. Additionally, certain biases may have influenced the results, which the authors acknowledge

and discuss within the context of their research. The paper also notes that expanded studies are needed to address these limitations and investigate the findings in broader settings. These critiques are valuable for understanding the limitations of the research and can guide future work in the field. Despite these limitations, Ejercicio En Ingles remains a critical contribution to the area.
