This is unusual in academic writing, where many papers fall short in contextual awareness. What Is Landscape exhibits intellectual integrity, setting a precedent for how such discourse should be handled.

User feedback and FAQs are also integrated throughout What Is Landscape, creating a community-driven feel. Instead of reading like a monologue, the manual anticipates questions, which makes it feel more responsive. There are even callouts and side-notes based on field reports, giving the impression that What Is Landscape is not just written *for* users, but *with* them in mind. It's this layer of interaction that turns a static document into a user-aligned tool.
