Critique and Limitations of It Governance Gartner

While It Governance Gartner provides useful insights, it is not without its shortcomings. One of the primary limitations noted in the paper is the narrow focus of the research, which may affect the universality of the findings. Additionally, certain variables may have influenced the results, which the authors acknowledge and discuss within the context of their research. The paper also notes that expanded studies are needed to address these limitations and investigate the findings in larger populations. These critiques are valuable for understanding the framework of the research and can guide future work in the field. Despite these limitations, It Governance Gartner remains a significant contribution to the area.
