

Tiddler

Methodology Used in Tiddler

In terms of methodology, Tiddler employs a comprehensive approach to gather data and analyze the information. The authors use mixed-methods techniques, relying on surveys to gather data from a selected group. The methodology section is designed to provide transparency regarding the research process, ensuring that readers can replicate the steps taken to gather and process the data. This approach ensures that the results of the research are valid and based on a sound scientific method. The paper also discusses the strengths and limitations of the methodology, offering reflections on the effectiveness of the chosen approach in addressing the research questions. In addition, the methodology is framed to ensure that any future research in this area can expand the current work.
