Frequently Asked Questions (FAQs):

Q1: My navigation system is showing incorrect information. What should I do?

A1: First, ensure your map data is up-to-date. Refer to the manual's section on software updates. If the issue persists, check for obstructions (like buildings or foliage) that might interfere with the GPS signal. If problems continue, consider seeking professional assistance from a Buick dealership or qualified mechanic.

Q2: How do I add new points of interest (POIs) to my navigation system?

A2: The procedure for adding POIs varies depending on the system's capabilities. Consult your manual's section on POI management for detailed instructions. Some systems allow direct entry via the interface, while others may require connection to a computer.

Q3: Can I use the navigation system while driving off-road?

A3: While the system may function, its accuracy can be significantly reduced in areas with poor GPS reception or lack of mapped roads. Off-road use is generally not recommended.

Q4: My navigation screen is blank. What could be wrong?

A4: Check the fuse associated with the navigation system. Also, ensure the system is properly powered on and that the screen brightness is not set too low. If the problem persists, consult the troubleshooting section in your manual or seek professional help.
